Keywords: **research and environmental analysis, waste management**

Place of work

Central Mining Institute – National Research Institute

Department of Environmental Analysis and Circular Economy Technologies

Katowice, Plac Gwarków 1

Scope of duties performed in the position:

- Conducting scientific research and expert services in the field of processing, utilisation and recovery of raw materials from industrial waste;
- Participation in research and development projects for the energy sector and the circular economy;
- Planning and conducting field research;
- Publishing research results
- Participation in scientific conferences, workshops (national and international level), dedicated to the issues relating to waste utilisation and hydrogen technologies.

Requirements for candidates for the position of assistant:

- Master's degree
- Theoretical and practical knowledge of waste management, including research experience in the field of hydrogen production from industrial waste;
- Experience in designing and conducting environmental research, including laboratory and field studies
- Knowledge of environmental sampling techniques;
- Ability to apply spatial visualisation techniques to results using GIS software;
- Experience in implementing and managing research and development projects;
- Scientific achievements (publications, projects, participation in conferences) in the scope of required expertise.

List of required documents:

- Application for the Assistant position;
- CV;
- Copy of the higher education diploma and other relevant diplomas or certificates;
- Brief information about the candidate's scientific interests and current achievements in research and development, particularly around required scientific competences (list of publications, patents obtained, participation in national and international research projects, etc.);
- Description of professional experience in the field covered by the position and the requirements specified in the competition announcement;
- Candidate's declaration on the acceptance of the contest terms and conditions and a personal survey of a candidate applying for employment.

Working conditions and remuneration:

- Employment based on a full-time employment contract;
- The primary form of performing the duties of this position is office work at the Institute's headquarters in Katowice;
- Total remuneration no less than PLN 7600,00 PLN gross per month
Remuneration includes: basic salary, seniority allowance and variable components depending on the employee's scientific and project activity and the completion of assigned tasks.

Tender submission term and location:

Tenders with the full set of documents should be e-mailed to rekrutacja@gig.eu, filed personally at the GIG General Administrative Office or mailed to Central Mining Institute - National Research Institute, 40-166 Katowice, Plac Gwarków 1 Poland by 6th June 2026

Tenders should be marked as: 3/2026 – Assistant SC

Estimated selection end date – June 2026

Other information

The candidate for the academic position will be selected in accordance with the Regulations for conducting competitions for academic positions at the Central Mining Institute.

The Central Mining Institute-PIB reserves the right to close the competition without selecting a candidate
